TMS6000 exports to Quickbooks Suite of Accounting Software

Toronto, December 12, 2007 – The TMS team has finished product interface to the Quickbooks Accounting package. The development work by the TMS team now allows communication between the TMS6000 software suite and the Quickbooks accounting software package. At the end of the development process, the TMS6000 software system was sending files directly into Quickbooks. Invoices were being created by Quickbooks with the gallons, price, service charges & taxes with data coming from the TMS6000 system.

Total Meter Services, Inc (TMS) was founded in Toronto, Canada in 1983 to meet the needs of clients whose businesses depend on quality flow measurement and control technologies. TMS provides services to include design, fabrication and installation of high pressure pipe assembly, design and installation of electronic automation and control systems and a complete line of meter proving and repair services.
